BACKGROUND & STORY

MPSS started as a local FinTech and IT Managed Service Provider in January 2014 and has gained a great footprint in the Financial and Technological industries in terms of background experience, clients and users. Understanding there are areas where we see our expertise and solutions having even bigger potential, we are bringing in FinTech solutions to expand the financial industry and create more business opportunities in a way that vastly benefits the society with a new enhanced approach as a FinTech enabler, “Octoverse”, starting from the year 2022 - 2023.

FinTech has set itself aside from conventional brick and mortar by breaking down barriers and making way for the peoples. FinTech is business engineering; the digital change. It concerns not only the financial services aspect, but every job that the financial services industry deals with. It's about great changes to asset management, businesses, commerce and private loans, money raising, wealth transfers, and the way we spend.

OUR VISION

To become a credible fintech enabler by expanding the financial industry and creating more business opportunities in a way that vastly benefits society.

OUR MISSION

To empower businesses, partners and customers; providing reliable FinTech solutions by closing the digital gap and enabling sustainable business growth.

WHO WE ARE

Octoverse is a one-stop FinTech aggregation hub that has the power to close the digital gap between businesses and customers.

Simplifies financial transactions for consumers or businesses, making them more accessible and sustainable.

BRAND VALUES
